

Kavita Verma

kavita.verma@example.com | github.com/kavita-dev

TECHNICAL EXPERTISE

Languages: Python, Java, TypeScript

Frameworks: FastAPI, Spring Boot, React, Next.js, LangChain

Databases & Cloud: PostgreSQL, Docker, GCP, RAG

PROJECTS

Full-Stack Knowledge Engine (Python, FastAPI, LangChain, React, Docker)

- Implemented document retrieval RAG service using Python and FastAPI.
- Built interactive Next.js web application for knowledge search.
- Migrated legacy Java Spring Boot services to Python microservices with Docker on GCP.
